PROXY STATEMENT
2013 Annual Meeting OF STOCKHOLDERS

To be held on December 2, 2013

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Integrated BioPharma, Inc. (the “Company”), a Delaware corporation, to be voted at the 2013 Annual Meeting of Stockholders of the Company (the “Annual Meeting”) to be held at the Company’s Executive Offices, 225 Long Avenue, Hillside, New Jersey 07205 on December 2, 2013, at 9:00 a.m. local time, or at any postponement or adjournment thereof. This Proxy Statement, the Notice of Annual Meeting and the accompanying form of proxy are first being mailed to stockholders on or about November 4, 2013.

Only holders of record of the Company’s common stock, par value \$.002 per share (“Common Stock”), at the close of business on October 22, 2013 (the “Record Date”), are entitled to vote on the matters to be presented at the Annual Meeting. The number of shares of Common Stock outstanding on the Record Date and entitled to vote was 21,930,174.

Holders of Common Stock are entitled to one vote on each matter to be voted upon by the stockholders at the Annual Meeting for each share held.

At the Annual Meeting, stockholders will be asked to (i) consider and provide a non-binding, advisory vote on the frequency of the stockholder vote on executive compensation, (ii) consider and provide a non-binding, advisory vote on executive compensation, and (iii) consider and vote upon the proposal to ratify the appointment of Friedman LLP as the Company’s independent auditors for the fiscal year ending June 30, 2014 (the “Independent Auditors Proposal”). At the Annual Meeting, stockholders may also be asked to consider and take action with respect to such other matters as may properly come before the Annual Meeting.

QUORUM AND VOTE REQUIREMENTS

The presence, in person or by proxy, of holders of record of a majority of the shares of Common Stock issued and outstanding and entitled to vote is required for a quorum to transact business at the Annual Meeting, but if a quorum should not be present, the Annual Meeting may be adjourned from time to time until a quorum is obtained. Directors of the Company are elected by the affirmative vote of holders of a plurality of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. The Independent Auditors Proposal and all other matters to properly come before the Annual Meeting will be determined by the affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. Brokers or other nominees who hold shares of Common Stock in “street name” for a beneficial owner of those shares typically have the authority to vote in their discretion on “routine” proposals when they receive instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretions with respect to approval of matters which are “non-routine” without specific instruction from the beneficial owner. The election of directors is a non-routine proposal, and therefore brokers are not entitled to vote for directors

without your instructions. The ratification of independent auditors is a routine proposal, and therefore, your broker can vote on the independent auditors' proposal without specific instructions from you. Broker "non-votes" (i.e. proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) and shares for which duly executed proxies have been received but with respect to which holders of shares have abstained from voting will be treated as present for purposes of determining the presence of a quorum at the Annual Meeting. Abstentions and broker non-votes have no impact on the election of directors except to reduce the number of votes for the nominees. With respect to all other proposals, abstentions and broker non-votes will have the effect of a negative vote against such other proposals.

SOLICITATION AND REVOCATION

PROXIES IN THE FORM ENCLOSED ARE BEING SOLICITED BY, AND ON BEHALF OF, THE BOARD OF DIRECTORS. THE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY HAVE BEEN DESIGNATED AS PROXIES BY THE BOARD OF DIRECTORS.

All Common Stock represented by properly executed proxies which are returned and not revoked prior to the time of the Annual Meeting will be voted in accordance with the instructions, if any, given thereon. If no instructions are provided in an executed proxy, it will be voted **(i) with respect to Proposal 1, FOR a stockholder vote on executive compensation every three years, (ii) with respect to Proposal 2, FOR the Advisory Resolution, and (iii) with respect to Proposal 3, FOR the Independent Auditors Proposal**, and in accordance with the proxy holder's discretion as to any other business raised at the Annual Meeting. Any stockholder who executes a proxy may revoke it at any time before it is voted by delivering to the Company a written statement revoking such proxy, by executing and delivering a later dated proxy, or by voting in person at the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and delivered a proxy to the Company shall not in and of itself constitute a revocation of such proxy.

The Company will bear its own cost for the solicitation of proxies. Proxies will be solicited initially by mail. Further solicitation may be made by directors, officers, and employees of the Company personally, by telephone, or otherwise, but any such person will not be specifically compensated for such services. The Company also intends to make, through banks, brokers or other persons, a solicitation of proxies of beneficial holders of the Common Stock. Upon request, the Company will reimburse brokers, dealers, banks and similar entities acting as nominees for reasonable expenses incurred in forwarding copies of the proxy materials relating to the Annual Meeting to the beneficial owners of Common Stock which such persons hold of record.

CORPORATE GOVERNANCE

The Board of Directors held fourteen meetings during the fiscal year ended June 30, 2013. Each director attended each of the meetings of the Board of Directors and the total number of meetings held by all committees of the Board of Directors on which such director served.

For the fiscal year ended June 30, 2013, no compensation was paid to any director for his or her services to the Board of Directors or any committee, including those who were also an officer and/or significant stockholder. The only standing committee of the Board of Directors is the Audit Committee, whose current members are Mr. Canarick, who is an independent director, and Mr. Milmoie, who is not an independent director. Mr. Milmoie was appointed to the Audit Committee in September 2009 until such time as the Board replaces him with a qualified independent director. Although Mr. Milmoie meets the requirements set forth for an "audit committee financial expert", the board's intention is to designate an audit committee financial expert after another independent audit committee member is appointed. The Company is not actively seeking an independent director at this time. The Company intends on resuming this search in the ensuing fiscal year. The Audit Committee periodically consults with the Company's management and independent public accountants on financial matters, including the Company's internal financial controls and procedures. The Audit Committee operates under a written Charter, a copy which is available on the Company's website at <http://healthproductscorp.us/charter.htm>. The Audit Committee met four times in the fiscal year ended June 30, 2013, all of which were attended by Mr. Canarick and Mr. Milmoie.

The Company does not have a standing nominating committee or compensation committee. With respect to nominating and compensation matters, the entire Board performs these functions. At such time, if any, as the Board composition changes or the Board otherwise deems appropriate, the Company may establish a separate nominating committee or compensation committee. As a result, the entire Board participates in the consideration of Board nominees. The Board, at this time, does not have a policy with regard to consideration of diversity in considering director nominees.

The Company's common stock is currently traded on the OTC Bulletin Board, a regulated quotation service that displays real-time quotes, last-sale prices and volume information in over-the-counter securities ("OTCBB"). OTCBB regulations do not require the Company to have audit, nomination or compensation committees. In addition, when the Company's common stock was listed on the NASDAQ Global Market, the Company determined that due to the beneficial ownership by E. Gerald Kay and certain of his family members and Carl DeSantis of greater than 50% of the Common Stock of the Company outstanding as of October 22, 2013, the Company is a "controlled company" as defined by the NASDAQ Global Market. As such, the Company was exempt from certain requirements of the NASDAQ Global Market standards, including the requirement to maintain a majority of independent directors on the Company's Board of Directors and the requirements regarding the determination of compensation of executive officers and the nomination of directors by independent directors.

The Company has adopted a Code of Ethics which applies to our directors, officers, senior management and certain other of our employees, including our principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. Our Code of Ethics was filed as an exhibit to our Annual Report on Form 10-KSB for the fiscal year ended June 30, 2004, as filed with the SEC on September 28, 2004, as amended as of November 10, 2004.

Governance Structure

The Company has chosen to combine the principal executive officer and chairman of the board positions. Given the relatively small size of the Company and that a majority of the voting control of the Company is with members of our board, the Company believes that combining the principal executive

officer and board chairman positions is the most efficient board leadership structure.

No lead independent director has been designated to chair meetings of the independent directors, since we currently only have one independent director.

Board of Directors Role in Risk Oversight

The Company's audit committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full board. The audit committee has periodic meetings with management, during which the audit committee receives reports from management regarding the Company's assessment of risks and discusses with management the Company's policies with respect to risk assessment, the Company's major financial risk exposures and the steps to be taken to monitor and mitigate these exposures. While the audit committee is responsible for risk oversight and for ensuring that material risk are identified and managed properly, the Company's management is responsible for the day-to-day risk management processes. We believe this division of responsibilities is the most effective approach for addressing the risks facing our Company.

EXECUTIVE OFFICERS

The following individual is an executive officer of the Company but is not a director or nominee for director:

Dina L. Masi, age 52, is Senior Vice President, Chief Financial Officer and Secretary of the Company. Ms. Masi joined the Company on November 17, 2005. Previously, Ms. Masi most recently operated a financial services consulting firm, DLM Accounting and Financial Services, LLC, providing accounting and financial services to small business owners and SEC registrants from May 2005 to November 2005. From June 2002 to December 2004, Ms. Masi served as the Chief Financial Officer and Senior Vice President of Prescott Funding, LLC, a licensed residential mortgage lender specializing in non-conforming consumer lending. Ms. Masi also served as the Chief Financial Officer and Senior Vice President of Fintek, Inc., a privately owned financial consulting services company, from July 2001 to September 2005, and as Management Information Officer from February 1998 to July 2001. Prior to that, Ms. Masi was the Chief Financial Officer and Executive Vice-President of The Aegis Consumer Funding Group, Inc., a publicly-traded consumer finance company that specialized in sub-prime automobile receivables, from July 1992 to January 1998. Prior to her time at Aegis, Ms. Masi was with BDO Seidman, LLP.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The goal of our named executive officer compensation program is the same as our goal for operating the Company - to create long-term value for our stockholders. Toward this goal, we have designed and implemented our compensation programs for our named executives to reward them for sustained financial and operating performance and leadership excellence, to align their interests with those of our stockholders and to encourage them to remain with the Company for long and productive careers. Most of our compensation elements simultaneously fulfill one or more of our performance, alignment and retention objectives. These elements consist of salary and annual bonus, equity incentive compensation, retirement and other benefits. In deciding on the type and amount of compensation for each executive, we focus on

both current pay and the opportunity for future compensation. We combine the compensation elements for each executive in a manner we believe optimizes the executive's contribution to the Company.

Compensation Objectives

Performance. Our five executives who are identified in the Summary Compensation Table below (whom we refer to as our named executives) have a combined total of 87 years with the Company, during which they have held different positions and been in some cases promoted to increasing levels of responsibility. The amount of compensation for each named executive reflects his or her superior management experience, continued high performance and exceptional career of service to the Company over a long period of time. A key element of compensation that depends upon the named executive's performance is equity incentive compensation in the form of stock options and restricted stock units ("RSUs"), subject to vesting schedules that require continued service with the Company.

Base salary is designed to be commensurate with the executive's scope of responsibilities, demonstrated leadership abilities, and management experience and effectiveness. Our other elements of compensation focus on motivating and challenging the executive to achieve superior, longer-term, sustained results. Since fiscal year 2008, as a result of the Company's financial position, including the past defaults on the Company's debt resulting from the inability to pay or refinance the defaulted debt until June 27, 2012, each of the named executive officer's base salary has been maintained at the same level, except E. Gerald Kay, Chief Executive Officer, who took a pay cut of approximately \$20,000 in fiscal year 2009.

Alignment. We seek to align the interests of the named executives with those of our investors by evaluating executive performance on the basis of key financial measurements which we believe closely correlate to long-term stockholder value, including revenue, operating profit, earnings per share, operating margins, return on total equity or total capital, cash flow from operating activities and total stockholder return. Equity incentive compensation awards align the interests of the named executives with stockholders because the total value of those awards corresponds to stock price appreciation.

Retention. Our senior executives have been presented with other professional opportunities, including ones at potentially higher compensation levels. We attempt to retain our executives by using continued service as a determinant of total pay opportunity, with the extended vesting terms of stock option and RSU awards.

Implementing Our Objectives

Determining Compensation. We rely upon our judgment in making compensation decisions, after reviewing the performance of the Company and carefully evaluating an executive's performance during the year against established goals, leadership qualities, operational performance, business responsibilities, career with the Company, current compensation arrangements and long-term potential to enhance stockholder value. Specific factors affecting compensation decisions for the named executives include:

- key financial measurements such as revenue, operating profit, earnings per share, operating margins, return on total equity or total capital, cash flow from operating activities and total stockholder return;
- strategic objectives such as acquisitions, dispositions or joint ventures, technological innovation and globalization;
- promoting commercial excellence by launching new or continuously improving products or services, being a leading market player and attracting and retaining customers;

- achieving specific operational goals for the Company, including improved productivity, simplification and risk management;
- achieving excellence in their organizational structure and among their employees; and
- supporting our values by promoting a culture of unyielding integrity through compliance with law and our ethics policies, as well as commitment to community leadership and diversity.

We generally do not adhere to rigid formulas or necessarily react to short-term changes in business performance in determining the amount and mix of compensation elements. We consider competitive market compensation paid by other companies, but we do not attempt to maintain a certain target percentile within a peer group or otherwise rely on those data to determine executive compensation. We incorporate flexibility into our compensation programs and in the assessment process to respond to and adjust for the evolving business environment.

We strive to achieve an appropriate mix between equity incentive awards and cash payments in order to meet our objectives. Any apportionment goal is not applied rigidly and does not control our compensation decisions; we use it as another tool to assess an executive's total pay opportunities and whether we have provided the appropriate incentives to accomplish our compensation objectives. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards. We also seek to balance compensation elements that are based on financial, operational and strategic metrics with others that are based on the performance of our shares. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our named executives to deliver superior performance and retain them to continue their careers with us on a cost-effective basis.

No Employment and Severance Agreements. Our named executives do not have employment, severance or change-of-control agreements. Our named executives serve at the will of the Board, which enables the Company to terminate their employment with discretion as to the terms of any severance arrangement. This is consistent with the Company's performance-based employment and compensation philosophy. In addition, our policies on employment, severance and retirement arrangements help retain our executives by subjecting to forfeiture significant elements of compensation that they have accrued over their careers at the Company if they leave the Company prior to retirement.

Role of Board and CEO. The Board of Directors has primary responsibility in developing and evaluating potential candidates for executive positions, including the CEO, and for overseeing the development of executive succession plans. As part of this responsibility, the Board oversees the design, development and implementation of the compensation program for the CEO and the other named executives. The Board evaluates the performance of the CEO and determines CEO compensation in light of the goals and objectives of the compensation program. The CEO and the Board together assess the performance of the other named executives and determine their compensation, based on initial recommendations from the CEO.

Our CEO assists the Board in reaching compensation decisions with respect to the named executives other than the CEO. The other named executives do not play a role in their own compensation determination, other than discussing individual performance objectives with the CEO.

Role of Compensation Consultants. We have not used the services of any other compensation consultant in matters affecting senior executive or director compensation. In the future, either the Company or the Board may engage or seek the advice of other compensation consultants.

Equity Grant Practices. The exercise price of each stock option awarded to our senior executives under our long-term incentive plan is the closing price of our stock on the date of grant. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company.

Tax Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public Company may deduct for compensation paid to the Company's CEO or any of the Company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by stockholders). For the year ended June 30, 2013, the deduction for compensation paid to the Company's "covered employees" was not limited by Section 162(m).

Potential Impact on Compensation from Executive Misconduct. If the Board determines that an executive officer has engaged in fraudulent or intentional misconduct, the Board would take action to remedy the misconduct, prevent its recurrence, and impose such discipline on the wrongdoers as would be appropriate. Discipline would vary depending on the facts and circumstances, and may include, without limit, (1) termination of employment, (2) initiating an action for breach of fiduciary duty, and (3) if the misconduct resulted in a significant restatement of the Company's financial results, seeking reimbursement of any portion of performance-based or incentive compensation paid or awarded to the executive that is greater than would have been paid or awarded if calculated based on the restated financial results. These remedies would be in addition to, and not in lieu of, any actions imposed by law enforcement agencies, regulators or other authorities.

Elements Used to Achieve Compensation Objectives

Annual cash compensation

Base salary. Base salaries for our named executives depend on the scope of their responsibilities, their performance, and the period over which they have performed those responsibilities. Decisions regarding salary increases take into account the executive's current salary and the amounts paid to the executive's peers within and outside the Company. Base salaries are reviewed approximately every 12 months, but are not automatically increased if the Board believes that other elements of compensation are more appropriate in light of our stated objectives. This strategy is consistent with the Company's primary intent of offering compensation that is contingent on the achievement of performance objectives.

Bonus. The Company does not at this time pay bonuses to the named executives, but does not rule out doing so in the future when appropriate.

The salaries paid to the named executives during the year ended June 30, 2013 are discussed below and shown in the Summary Compensation Table below.

Equity awards

The Company's equity incentive compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the executive with our stockholders' and retain the executives through the term of the awards. We consider the grant size and the appropriate combination of stock options when making award decisions. The amount of equity incentive compensation granted in 2008 was based upon the strategic, operational and financial performance of the Company overall and reflects the executives' expected contributions to the Company's future success. Existing ownership levels are not a factor in award determination, as we do not want to discourage executives from holding significant amounts of our stock.

We have expensed stock option and RSU grants in accordance with United States generally accepted accounting principles. When determining the appropriate amount of stock options and RSUs, our goal is to weigh the cost of these grants with their potential benefits as a compensation tool. Stock options only have value to the extent the price of our stock on the date of exercise exceeds the exercise price on grant date, and thus are an effective compensation element only if the stock price grows over the term of the award. In this sense, stock options are a motivational tool.

There were no grants of stock options or RSUs in the fiscal year ended June 30, 2013.

Other Compensation

Other compensation paid to executive officers includes the total matching contribution of the Integrated BioPharma, Inc. 401(k) Profit Sharing Plan of the Named Executive Officer.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Warehouse and office facilities are leased from Vitamin Realty Associates, L.L.C. (“Vitamin Realty”), which is 90% owned by the Company’s chairman, president and major stockholder, E. Gerald Kay and certain of his family members, who are also executive officers and directors of the Company, including Riva Sheppard and Christina Kay. On January 5, 2012, InB: Manhattan Drug Company, Inc. (“MDC”), a wholly-owned subsidiary of the Company, entered into a second amendment of lease (the “Second Lease Amendment”) with Vitamin Realty for its office and warehouse space in New Jersey increasing its rentable square footage from an aggregate of 74,898 square feet to 76,161 square feet and extending the expiration date to January 31, 2026. This Second Lease Amendment provides for minimum annual rental payments of approximately \$533,000 plus increases in real estate taxes and building operating expenses. Also on January 5, 2012, AgroLabs, Inc., also a wholly owned subsidiary of the Company, entered into a lease agreement with Vitamin Realty for an additional 2,700 square feet of warehouse space in New Jersey, the term of which expires on January 31, 2019. This additional lease provides for minimum lease payments of approximately \$27,000 with annual increases plus the proportionate share of operating expenses.

On June 27, 2012, the Company entered into an Amended and Restated Securities Purchase Agreement (the “CD SPA”) with CD Financial, LLC (“CD Financial”), a related party, which amended and restated the Securities Purchase Agreement, dated as of February 21, 2008, between the Company and CD Financial, pursuant to which the Company issued to CD Financial a 9.5% Convertible Senior Secured Note in the original principal amount of \$4,500 (the “Original CD Note”). Pursuant to the CD SPA, the Company issued to CD Financial (i) the Amended and Restated Convertible Promissory Note in the principal amount of \$5,350,000 (the “CD Convertible Note”) and (ii) the Promissory Note in the principal amount of \$1,714,000 (the “Liquidity Note”, and collectively with the CD Convertible Note, the “CD Notes”). The CD Notes mature on July 7, 2017. In accordance with the applicable accounting guidance, this transaction was accounted for as a troubled debt restructuring. No gain on debt extinguishment was recognized in the Company’s consolidated statement of operations for the fiscal year ended June 30, 2012 as reported in its Annual Report filed on Form 10-K, as the undiscounted cash flows of the restructured debt was greater than the carrying amount of the debt prior to the restructuring.

The proceeds of the CD Notes were used to refinance (a) the Original CD Note, (b) a \$300,000 note issued by MDC (the “CD MDC Note”) to CD Financial and assigned by MDC to the Company, (c) past due interest in the aggregate amount of approximately \$333,000 in respect of the Original CD Note and the CD MDC Note and (d) other expenses owed to CD Financial by the Company in the aggregate amount of approximately \$217,000.

The CD Notes are secured by all assets of the Company and certain of its subsidiaries, including, without limitation, machinery and equipment, real estate owned by IHT Properties, Inc., a wholly owned subsidiary of the Company, and shares of common stock of iBio, Inc. owned by the Company. The CD Notes bear interest at an annual rate of 6% and have a default rate of 10%.

The CD Convertible Note is convertible at the option of CD Financial into common stock of the Company at a conversion price of \$0.65 per share, subject to customary adjustments including conversion price protection provisions.

Pursuant to the terms of the Loan Agreement, dated as of June 27, 2012 (the “Loan Agreement”), by and among the Company, certain of its subsidiaries and PNC Bank, National Association (“PNC”) and the Intercreditor Agreement dated as of June 27, 2012, between CD Financial and PNC, during the effectiveness of the PNC loan facility, (i) the principal of the CD Convertible Note may not be repaid, (ii) the principal of the Liquidity Note may only be repaid if certain conditions under the Loan Agreement are

satisfied, and (iii) interest in respect of the CD Notes may only be paid if certain conditions under the Intercreditor Agreement are satisfied.

The CD SPA contains customary contains customary representations and warranties, covenants and events of default, including, without limitation, an event of default tied to any change of control as defined in the CD SPA.

In connection with the CD SPA, the Company and certain of its subsidiaries entered into an Amended and Restated Security Agreement and Amended and Restated Subsidiary Guaranty with CD Financial.

On June 27, 2012, MDC and the Company entered into separate promissory notes with Vitamin Realty and E. Gerald Kay, the Company's Chief Executive Officer, Chairman of the Board, President and a majority shareholder, in the principal amounts of approximately \$686,000 (the "Vitamin Note") and \$27,000 (the "Kay Note"), respectively (collectively the "Related Party Notes"). The principal amount of the Vitamin Note represents the aggregate amount of unpaid, past due rent owing by MDC under the Lease Agreement, dated as of January 10, 1997, between MDC, as lessor, and Vitamin Realty, as landlord, pertaining to the real property located at 225 Long Avenue, Hillside, New Jersey. The Kay Note represents amounts owed to Mr. Kay for unreimbursed business expenses incurred by Mr. Kay in the fiscal year ended June 30, 2008. The Related Party Notes mature on July 7, 2017 and accrue interest at an annual rate of 4% per annum. Interest in respect of the Related Party Notes is payable on the first business day of each calendar month. Pursuant to the terms of the Loan Agreement, during the effectiveness of the PNC loan facility, the Related Party Notes may only be repaid or prepaid if certain conditions set forth in the Loan Agreement are satisfied.

On June 27, 2012, each of Carl DeSantis, a director and major shareholder of the Company and a member of CD Financial and E. Gerald Kay, the Company's Chief Executive Officer, Chairman of the Board, President and a major shareholder, entered into a Limited Guaranty Agreement with in the amount of \$1.0 million each in connection with the Company's senior credit facility provided by PNC.

Neither Mr. DeSantis nor Mr. Kay received any compensation from the Company in connection with these guarantees.

Related Person Transaction Policies and Procedures

Although we have not adopted written policies or procedures for the review, approval or ratification of related party transactions involving our directors, officer and employees or their family members, our Audit Committee considers such transactions on a case-by-case basis, pursuant to the Audit Committee charter.

PROPOSAL NO. 1 NON-BINDING, ADVISORY VOTE ON FREQUENCY OF VOTE ON EXECUTIVE COMPENSATION

In addition to the advisory vote on executive compensation discussed in Proposal 2, Section 14A of the Exchange Act requires that, at least once every six years, we present our stockholders the opportunity to vote, on an advisory basis, on the frequency with which we should conduct future advisory votes on executive compensation. By voting on this Proposal 1, stockholders have the opportunity to vote on whether you would prefer that we conduct future advisory votes on the compensation of our Named Executive Officers:

- once every three (3) years;
- once every two (2) years; or
- once every year.

It is the opinion of the Board that the frequency of the stockholder vote on the executive compensation should be once every three years. The Board believes that a vote every three years will permit us to focus on developing compensation practices that are in the best long-term interests of our Company and our stockholders. The Board believes that a more frequent advisory vote may cause us to focus on the short-term impact of our compensation practices to the possible detriment of our long-term performance. In addition, a vote every three years will provide the Board and the Compensation Committee with the time to thoughtfully consider and thoroughly respond to shareholders' sentiments and to implement any necessary changes in light of the timing required therefor.

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below.

“RESOLVED, that the shareholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company's named executive officers as set forth in the Company's proxy statement for the 2013 Annual Meeting of Stockholders should be once every year, once every two years, or once every three years.”

Because this proposal is an advisory vote, there is technically no minimum vote requirement for this proposal. The option of one year, two years or three years that receives the greatest number of votes cast by our stockholders will be the frequency for the advisory vote on executive compensation that has been approved by stockholders. Although the results of this vote may impact how frequently we hold an advisory vote on executive compensation, this vote is not binding on us. The Board may decide, after considering the results of this vote that it is in the best interests of our stockholders to hold the advisory vote on executive compensation on a different schedule than the option approved by our stockholders.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE HOLDING OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY “THREE YEARS” AND PROXIES THAT ARE SIGNED AND RETURNED WILL BE SO VOTED UNLESS OTHERWISE INSTRUCTED

PROPOSAL NO. 2 NON-BINDING, ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires public companies to conduct a separate stockholder advisory vote on executive compensation, as disclosed in the Executive Compensation section beginning on page 7 of this proxy statement.

Our goals for our executive compensation program are to:

- attract, motivate and retain outstanding individual named executive officers; and
- align the financial interests of each Named Executive Officer with the interests of our stockholders to encourage each Named Executive Officer to contribute to our long-term performance and success.

Our Board believes that our executive compensation program achieves these goals. For a more detailed description of our financial results for our fiscal year ended June 30, 2013, please see Part II, Item 7 “Management's Discussion and Analysis of Financial Condition and Results of Operations” in our 2013 10-K.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our Named Executive Officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Integrated Biopharma, Inc. stockholders approve, on a nonbinding advisory basis, the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Summary Compensation Table and the other related tables and narrative disclosure in the Company’s proxy statement.”

In voting to approve the above resolution, shareholders may vote for the resolution, against the resolution or abstain from voting. As an advisory vote, this proposal is not binding upon us and there is technically no minimum vote requirement. However, to the extent that a significant percentage of votes are cast against the compensation of our Named Executive Officers as disclosed in this proxy statement, the Board and the Compensation Committee will evaluate whether any actions are necessary to address the concerns reflected in such votes.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADVISORY RESOLUTION ABOVE AND PROXIES THAT ARE SIGNED AND RETURNED WILL BE SO VOTED UNLESS OTHERWISE INSTRUCTED

PROPOSAL NO. 3 RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors of the Company has appointed the firm of Friedman LLP (“Friedman”), independent auditors, to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending June 30, 2014, subject to ratification by the Company’s Stockholders. The Board of Directors reserves the right to appoint a different independent registered public accounting firm at any time during the year if the Board of Directors believes that a change is in the best interest of the Company and its stockholders. We anticipate that a representative of Friedman will be present at the Annual Meeting and will be provided with the opportunity to make a statement if such representative desires to do so and to be available to respond to appropriate questions from stockholders.

Representatives of Friedman will normally attend most meetings of the Audit Committee. The Audit Committee’s policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one fiscal quarter and any pre-approval is detailed as to the particular service or category of services. The independent auditor and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval.

The Audit Committee, on an annual basis, reviews the services performed by the Company’s independent auditors. The Audit Committee reviewed and approved the fees charged by Friedman as the independent auditors of the Company for the fiscal year ended June 30, 2013.

Audit Fees

The aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements for the fiscal years ended June 30, 2013 and June 30, 2012 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q in the fiscal years ended June 30, 2013 and June 30, 2012, were \$112,000 and \$108,000, respectively.

Audit Related Fees

Friedman did not render professional services relating to the assurance and related services reasonable related to the performance of the audit or review of financial statements that are not reported above for the fiscal years ended June 30, 2013 and June 30, 2012.

Tax Fees and All Other Fees

Friedman billed \$5,500 and \$5,000 in fees for other services for the fiscal year ended June 30, 2013 and 2012, respectively. Friedman did not receive any fees for tax services in the fiscal years ended June 30, 2013 and June 30, 2012.

Recommendation and Vote

Approval of the Independent Auditors Proposal requires the affirmative vote of a majority of the shares of Common Stock present, in person or by proxy, at the Annual Meeting.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE INDEPENDENT AUDITORS PROPOSAL.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company (the "Audit Committee") is composed of two (2) directors. One of the two members of the committee is independent. The Board of Directors has adopted an Audit Committee Charter. Management is responsible for the Company's internal control and financial reporting process. The Company's independent public accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with Management and the Company's independent public accountants. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with Management and the Company's independent public accountants. The Audit Committee discussed with the independent public accountants matters required to be discussed by Statement of Auditing Standards Numbers 90 and 61 (communication with Audit Committees). The Company's independent public accountants also provided to the Audit Committee the written disclosures required by Independence Standard No. 1 (independence discussions with Audit Committee), and the Audit Committee discussed with the independent public accountants that firm's independence. The Audit Committee has also considered whether the independent auditors' provision of information technology and other non-audit services to the Company is compatible with the auditor's independence.

Based upon the Audit Committee's discussions with Management and the independent public accountants and the Audit Committee's review of the representation of management and the report of the independent public accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended June 30, 2013 filed with the Securities and Exchange Commission.

The foregoing has been approved by all members of the Audit Committee.

STOCKHOLDER PROPOSALS AND COMMUNICATIONS

Stockholder proposals to be included in the Company's proxy statement with respect to the 2014 Annual Meeting of Stockholders must be received by the Company at its Executive Offices located at 225 Long Avenue, Hillside, New Jersey 07205 no later than July 11, 2014. All such proposals are subject to the applicable rules and requirements of the Securities and Exchange Commission.

In addition, the Company's By-laws contain certain notice and procedural requirements applicable to director nominations by stockholders and stockholder proposals, irrespective of whether the proposal is to be included in the Company's proxy statement. If a stockholder seeks to nominate a candidate for election or proposes business for consideration at the 2014 Annual Meeting of Stockholders, a stockholder's notice shall be delivered to the Secretary of the Company at the Company's principal executive offices not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 20 days before or delayed by more than 60 days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made, whichever occurs first. If the notice is not received by such date, it will be considered untimely under the Company's By-laws.

The Board of Directors does not have a formal process for stockholders to send communications (including director nominations) to the Board. Due to the infrequency of stockholder communications to the Board, the Board does not believe that a formal process is necessary. Written communications to the Board may be sent to the Board at the Company's chief executive offices at Integrated BioPharma, Inc., 225 Long Avenue, New Jersey 07205, and the Company will promptly circulate such communications to all members of the Board (or to those particular directors to whom such communication is specifically addressed). A stockholder who intends to nominate an individual for election to the Board of Directors (other than a candidate proposed by the Board of Directors) must do so in accordance with the foregoing procedures.

DISCRETIONARY AUTHORITY

A duly executed proxy given in connection with the Company's 2013 Annual Meeting of Stockholders will confer discretionary authority on the proxies named therein, or any of them, to vote at such meeting on any matter of which the Company does not have written notice on or before September 20, 2013, which is forty-five (45) days prior to the date on which the Company is first mailing its proxy materials for its 2013 Annual Meeting of Stockholders, without advice in the Company 2013 Proxy Statement as to the nature of such matter.

OTHER BUSINESS OF THE MEETING

The Company is not aware of any matters to come before the Annual Meeting other than those stated in this Proxy Statement. However, in as much as matters of which management of the Company is not now aware may come before the Annual Meeting or any adjournment, the proxies confer discretionary authority with respect to acting thereon, and the persons named in such proxies intend to vote, act and consent in accordance with their discretion with respect thereto.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or the Company that they or the Company will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or the Company if you hold common stock directly. Requests should be addressed to: Integrated Biopharma, Inc., 225 Long Avenue, Hillside, New Jersey 07205 or contact our Corporate Secretary at (973) 926-0816.

ADDITIONAL INFORMATION
